KOGNITYWISTYKI
Katolickiego Uniwersytetu Lubelskiego
J A N A P A W Ł A I I

22/11/2018

Thursday, Room CTW-220

10:30 | Registration

- 11:00 | prof. Monika Walczak (Dean of the Philosophy Department, The John Paul II Catholic University of Lublin) – Opening
- 11:15 | Marco Fenici (Bilkent University, Turkey) – Constructing a Theory of Mind: A Socio-cultural Approach
- 12:30 | A. Gut, Him Cheung, O. Gorbaniuk, K. Macheta. R. Mirski, with the support of Cognitive Science students of KUL (The John Paul II Catholic University of Lublin, Pedagogical University of Cracow Poland; Chinese University of Hong Kong, China) – Short report. Does culture shape epistemic understanding of minds: a comparative study of Hong Kong and Poland 13:15 | Lunch
- 14:30 | Zuzanna Rucińska (University of Antwerp, Belgium) – Social play without mindreading
- 15:30 | Marcin Trybulec (Maria Curie-Skłodowska University, Poland) – Why cognitive artifacts should sometimes make the task more difficult? The case of metacognition 16:15 | Coffee break
- 16:45 | Katarzyna Kuś, Bartosz Maćkiewicz (Warsaw University) – Linguistification of the Knobe Effect: intentionality, semantics and cognition
- 17:30 | Tik-Sze Carrey SIU, Monika Chylińska, Nastazja Stoch and Arkadiusz Gut, Oleg Gorbaniuk (The Education University of Hong Kong, China; The John Paul II Catholic University of Lublin) – The implicit concept of creativity: A comparative study of Hong Kong, Mainland China and Poland
- 18:15 | Poster Session. Presenters: Adrianna Smurzyńska, Chinedu Ezewoko, Claire Zhenxu Fan, Clara Goebel, Joanna Klara Teske, Karina Ozga, Katarzyna Karska, Krystian Macheta, Maria Kierepka, Michał Obidziński, Monika Pietrzak, Nastazja Stoch, Renata Łukiewicz-Kostro, Salih Bartuğ Çelik, Zbigniew Wróblewski, Anna Dutkowska, Andrzej Żykubek 20:00 | Dinner Cafe Heca

23/11/2018

Friday, Room GG-208

- 09:00 | Katarzyna Paprzycka-Hausman (Warsaw University) – Epistemic Side-Effect Effect: Belief or Consequence
- 10:00 | Jedediah WP Allen (Bilkent University, Turkey) – iToM: An Explicit Action-Based Approach for an Implicit Theory of Mind 11:15 | Coffee break
- 11:35 | Arkadiusz Białek, Anna Filip, Marta Białecka-Pikul (Jagiellonian University) – Communication Repair and its Role in Theory of Mind development
- 12:20 | Anna Kamza and Adam Putko (University of Social Sciences and Humanities Faculty in Poznań; Adam Mickiewicz University in Poznań) – Attachment and inhibitory control in middle childhood: mediating role of verbal ability 45 min. 13:05 | Coffee break
- 13:35 | Agnieszka Pluta, Małgorzata Zgoda, Joanna Wysocka, Karolina Golec, Maciej Haman (Warsaw University, Poland) – False belief understanding in oral deaf children with cochlear implants
- 14:20 | Piotr Konderak – Language in extended cognition and amalgamated cognition
- 15:05 | Closing & Lunch

CULTURAL AND ENVIRONMENTAL FACTORS IN SOCIO-COGNITIVE DEVELOPMENT

22-23 NOVEMBER 2018

THE JOHN PAUL II CATHOLIC UNIVERSITY OF LUBLIN, POLAND

KOGNITYWISTYKA.KUL.PL

The conference is supported by the three Polish National Science Centre's research grants awarded to Arkadiusz Gut, Monika Chylińska, Robert Mirski, Andrzej Żykubek, and Zbigniew Wróblewski:
"The involvement of language, culture-specific factors and folk intuitions in mindreading activity and social cognition" HARMONIA 6 (UMO - 2014/14/M/HS1/00436) led by Prof. Arkadiusz Gut
"Counterfactual Imagination and Pretend Play: The Cognitive Underpinnings of Human Creativity" PRELUDIUM 11 (UMO-2016/21/N/HS1/03495) led by Monika Chylińska
"On Socio-Cultural Entanglement of Folk Theories of Mind. A Discussion on the Boundaries of Universality and Commonality of Mental Concepts and Attributions" PRELUDIUM 12 (UMO-2016/23/N/HS1/02887) led by Robert Mirski
