#### New people...

New culture...!

I have met incredible people here, sharing with them unforgettable moments and take from each of them some pieces of their country.

#### **During my stay here I was able:**

#### To be 'independent'

#### To know better my self

To be more adaptive

I was able to live on my own for the first time and learn to manage and control my funds which I do believe it is crucial for everyone.

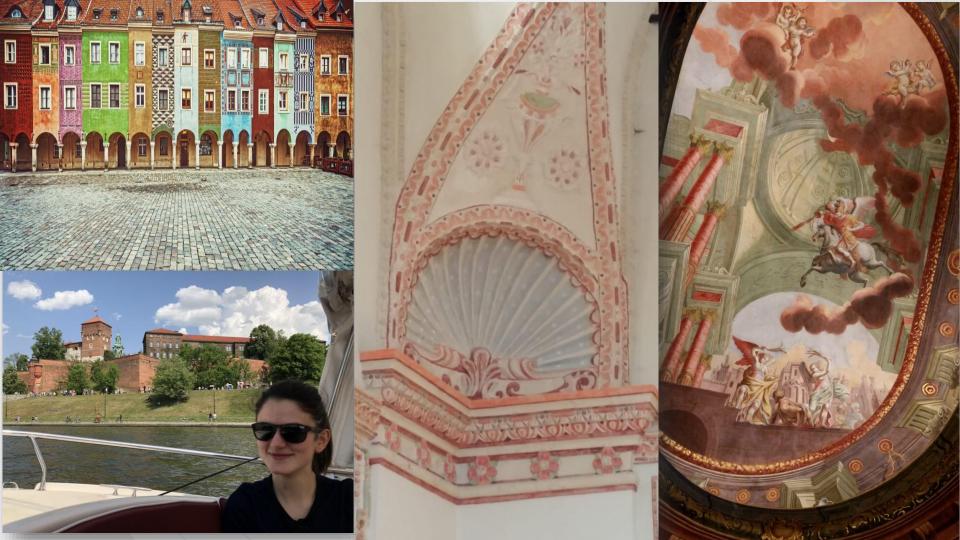

I got to get
to know
better my
strengths
and
weaknesses.

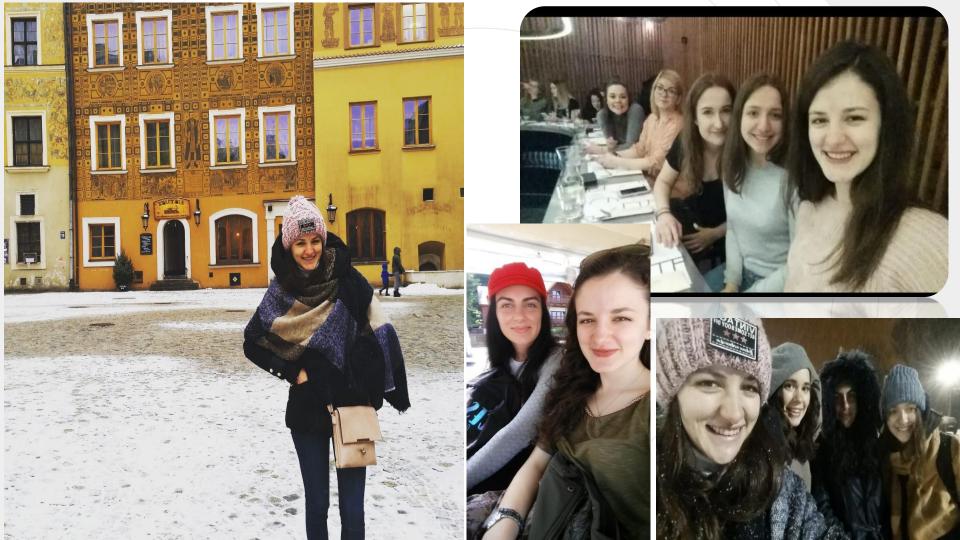

I was able to adapt and act in new situations.

I had the chance to visit new places and to grab something from every city

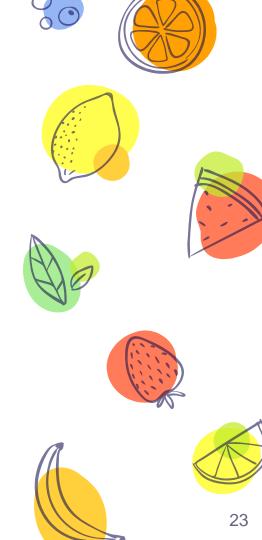

Food was also an important part of this period

## SCHOOL OF POLISH LANGUAGE AND CULTURE
