**Data:** 09.10.2025, 18:10

Dear partners

My name is **Josep Torrent**, and I represent **iPractice Internships**, a Spanish company specialized in **managing internship placements** for European students since 2015.

We collaborate with universities and vocational schools across Europe to provide **fully coordinated placements** in the **hospitality and tourism sectors** — mainly in **hotels, resorts, restaurants, and related businesses** located in **Barcelona, Costa Brava, Salou, the Pyrenees, Mallorca, and Almería**.

Students can join our programs **either through Erasmus+ mobility projects or as independent trainees** looking to gain practical experience abroad.

All our partner companies offer:

- ✔ **Free accommodation and meals**
- ✔ **Monthly allowance (400–700 €) + possible bonuses**
- ✔ **Assistance with all documentation (NIE, SOCIAL SECURITY, etc.)**
- ✔ **Monitoring and support during the stay**
- ✔ **No fees for students or schools**

Placements usually last **90 days or longer**, and all participating students are guided throughout the entire process.

We would be delighted to discuss how your institution could collaborate with us — either through **Erasmus+ partnerships** or **direct mobility projects**.

If you'd like to know more, we would be glad to arrange a short online meeting and show you examples of current partnerships and success stories.
