Wanted work placement international students of Journalism, Tourism and Image and Sound for Erasmusu.com

The company Cokidoo Studios in Murcia (Spain) is looking for international interns for work placement internships (Leonardo, Erasmus Work Placement, etc.) in the project Erasmusu.com, a social network focused on Erasmus and exchange students: <http://erasmusu.com>

What are we looking for?

1) Students of Journalism, Documentation or Tourism.

- To write articles and add content to the social network: articles about places, cities, universities, travel guides, news, useful information for students, etc..

2) Public Relations / Tourism.

- To maintain contact with associations and universities, help in organizing and promoting parties of Erasmusu.com.

3) Students of Image and Sound, Filming, etc.

- For filming, editing and video editing on the daily exchange students, their travels, their holidays, and so on.

- To take photos of events and attractions in Murcia and nearby sites.

4) Other careers related to the above, for almost the same as those described.

Valued (although not essential) ...

- To have a notebook computer.

- Knowledge of languages: English or Spanish and at least a second or third language.

- Interest in photography and digital camera available.

- Interest in traveling and to have traveled to different parts of the world.

- Interest in learning about other cultures and people from other countries.

- To have own means of transport.

Who are we?

We are a newly established technology company based in Murcia (Spain) formed by young people and focused on creating a service that is halfway between the Wikipedia and a social network like Facebook.

We work with great enthusiasm and energy, we love to travel, to meet people from other countries and taking forward projects and services that are useful for others who have these same interests.

With our work, we are growing to become Erasmusu.com the web reference for

the exchange students. In Erasmusu.com you can find photos, rankings, student experiences, information on cities and universities, social tools to meet people and much more. Erasmusu is growing at high speed.

You can read more about us here: <http://blog.cokidoo.com/> (Sorry, Spanish)

How many hours and what time period for the work placement?

We are very versatile in terms of time and schedule. In principle, we can adapt to the time you need to fulfill. You can work from 4 to 8 hours a day. Or less. And during the period as it thinks fit.

Advantages?

- No need to work from an office and the possibility to manage your time the way you're most interested.
- Contact with other international students, with the option to participate in Erasmus international festivals, tours, etc..
- Join a company formed by young people, sharing your time with other international scholars.
- A period of time in Murcia, a city of great beauty, which is 50km from the sea and more than 300 days of sunshine a year. Plenty of students and holiday sites, with a culture and a rich gastronomy and in which there is no stress because you can walk everywhere.
- Practice languages learning about other cultures.
