Description of Organisation: Today, our company is one of the major electricity traders in Central, Eastern and Southeastern Europe. It was established as an independent private enterprise with limited liability on April 20, 1999. Six years later, it was re-organized into a joint stock company headquartered in Slovakia. In other words, during the past seven years, the company has proven to have the necessary capacities and know-how to utilize new opportunities on the market. It has grown from a small business with its roots in Slovakia into an internationally accepted and well-known energy trader and supplier. For more information please see our web page: www.korleainvest.com

Desired Partner: We are looking for one or two students or graduates to join temporarily our team in Košice, Slovakia, who would perform tasks in the field of office administration, customer evidence, administration of intercompany relations and other administration task necessary for day to day running of electricity trade. The study subject of an applicant should be in general: business administration, corporate finances, international trade. English knowledge is a must. (Slovak, Czech or Russian language is an advantage). The internship duration is limited just by the financing Programme rules. From our side it is just a matter of negotiation.

Project Idea: Administration internship
