

## Fulbright Specialist Program

### Eligible disciplines

#### About the Program

The Fulbright Specialist Program (FSP), part of the larger Fulbright Program, was established in 2001 by the U.S. Department of State, Bureau of Educational and Cultural Affairs (ECA). The program is a field-driven initiative in which foreign host institutions conceptualize and design projects of interest within an eligible discipline that represent a priority for their respective organizations. These projects are then paired with a highly qualified U.S. academic or professional, who shares their expertise and assists with strengthening linkages between U.S. and foreign host institutions. Participating foreign host institutions benefit by:

- Gaining global perspectives from experienced U.S. academics and professionals;
- Executing projects that require a rapid response or flexible timeline through short-term, year-round exchanges; and
- Building sustained relationships with individuals and institutions in the U.S.
