Abstract Human's internal experience like beauty can help the human being to open for the otherworldly reality. Nowadays many people not only do not consider themselves as believers, but they even fail to ponder upon the spiritual dimension of their life and do not feel the need for religion in their life. So the publication of Jarosław Woźniak regarding performances of old Polish religious theatre is very important for christian evangelization, catechesis and pastoral theology. It can help to open to the pursuit of God and christian faith.
